LEARNING FOR ALL NEWSLETTER 1

Welcome to the Learning for All newsletter! We're excited to share updates, insights, and resources designed to empower adult education and foster inclusive communities across Europe.

**ABOUT THE
PROJECT**

Digital Benchmarking Tool for Enhanced Inclusion in Adult Education

In an effort to transform adult education centers across Europe, the [Learning for All](#) project has unveiled its groundbreaking Digital Benchmarking Tool. This innovative tool will enable over 120 decision-makers, directors, and department heads from various adult education centers to evaluate their current practices, learn from good practices, and develop personalized organizational or departmental action plans to enhance inclusivity and diversity.

Digital Benchmarking Tool

One of the pillars of the Learning for All project is the Digital Benchmarking Tool. This tool is designed to guide leaders of adult education centers in critically assessing their inclusion strategies, learning from established best practices, and developing tailored action plans that suit the specific needs of their organisations. By facilitating a reflective and data-driven approach, the tool aims to create long-lasting improvements in how adult education centers approach diversity and inclusion.
